The Best Gift for My Brother

Next month on November 2012, my brother will celebrate his birthday. I have prepared a special thing for him. I know that he will never expect about this gift. He likes MotoGP, so I have bought a bike. This bike is very expensive and special edition.

This bike is Honda CBR 250 cc. I believe that everyone knows about this bike. Honda CBR 250 cc is very great. It has a chassis which same like a bike in MotoGP, of course in Honda Team. The colour are orange, black and white. The main colour is orange and it has a word, "REPSOL". Repsol is the main sponsor in Honda racing team. The word is on the left and right side. From the machine, it has 250 cc. I think it is very common now in Indonesia. But, it is a little bit fast than Kawasaki which has the same machine. Maybe because of the size, the size of the bike.

The chassis of Honda CBR 250 cc is almost perfect for me.

Because of the additional mirror. Of course, if the bike is for racing, there's no mirror. Overall, it is very good. The chassis is from special thing, but I forget. It is very tough, but it's very light. In the front, the chassis has a special plastic that help the aerodynamic of the bike.

Then, this bike has 6 gears. It is very great and very fast. If you in the 6th gears, it will run around 160 km/hour. Actually, I think it's very hard to reach the 6th gears in here. You know that Surabaya is very crowded and very hard to find a big way, except in "Jember Lama".

This bike looks like a bike in MotoGP, but it still has 2 seats. Of course, the second seat is very scary for me. The seat is higher than the main seat. Better if you ride this bike alone.

Fortunately, in Indonesia, Honda just provides 50 bikes. So, this is very special bike because not all people can get this bike, although they are rich. Not only because of the units, when I ~~buy~~ bought this bike, I got the helmet, too. It has a signature from Casey Stoner. He is a rider from Honda Racing Team in MotoGP. But, I just give the bike, not the helmet.

From the tyre, the Honda give a special edition from Bridgestone. It's for wet & dry road. The tyre is very big. When you're riding this bike, then you want to stand and let off your hands from the steer, it's okay. It will go straight normally, because of the size of the tyre is ~~not~~ big. The other example, if you want to stop the bike directly, it's okay. The stability of this bike is

very great. It's like there are no witnesses from this bike.

I believe he will very happy when I show it to him. Although it is for him, I still can borrow it. That's the point.

My Angel in Disguise

I'm going to describe my best friend Anthony Martin. At the moment, he is attending James Cook University in Singapore, majoring Hospitality and Tourism Management. He's 18 years old. Although he's very young, he has already in under graduate year and he is going to graduate in 2014 at the age of 19. How great he is! He is typical funny guy so I'm so blessed to be friend with him. Our friendship has lasted for over 4 years. I met him for the first time in IELTS. At that time, he and I joined English course in IELTS. I still remembered my first impression to him. At first, I thought that he was a cold, shy, and quiet guy and I thought that I would never to be friend with him. However, as time went by, I started to realize that he was not a typical person that I had thought before. He is very friendly and funny. He really likes making weird and cute expression.

My friend is not really tall. However, he is still taller than me. His height is 175 cm. He is medium built. He is around 64 kilograms. He has oval face with narrow eyes. He's wearing black glasses. Those glasses fit perfectly with his brown eyes.

He also has thick and dark eyebrows. His nose is very big. He always says that his big nose can bring tons of luck in his life. He also has chubby cheeks. It makes him look cuter. I like to pinch his chubby cheeks. His lips are small and red. What a beautiful lips he have. He has fair skin and short black hair. He usually has front fringe. Some of my friends say that he is very cute and he really looks like "Nobita" in Doraemon.

He always says that his biggest dream is ^{to} open a restaurant. He wishes that he could open a western restaurant in the next five years. However, he still worries about his education too. He thinks that open a restaurant is not as easy as flip our hands. We need skills too. He plans to continue his study in culinary, but he is still confused whether he should take double degree or not. As a friend, of course I always encourage him. I always say that "you may be hurt and bleeding now, but don't worry, hard work will never betray you." I always suggest him to do what more that makes he happy. Live your life happily and never regret anything.

His hobbies are watch ^{go} dvds and shopping. He always says "I'm not like the other guys, I don't drink or smoke but I watch drama and shopping alot and it's hard to quit." He is very different from other guys. However, I always think that diversity is what makes you more beautiful. He usually watches dvds when he has spare time. He can watch them until 5 hours in a row. He also likes shopping. He usually go shopping once a week. He has big interest in fashion

pecially clothes and shoes. He has good sense of fashion and sometimes I ask to give me suggestion when I'm about buying clothes. He really helps me a lot.

Some people may say that he's weird, metrosexual, talkative or even Irish, but for me he will always be Anthony Martin who always helps me through bad and good situation, through hard times, guy who always listen my pointers over and over again and guy who always be my best friend. I don't really care about what others say about him. As long as he always does good things to me, I always consider him as my best friend. No matter, how long time separates us, our friendship will never die. He'll always be my angel disguise, my super best friend.

My New Best Friend

When I began my first day as a college student of English Department at Widya Mandala University, I had no idea who would be my friends in here. As time went by, I found five new best friend in here. I'm feeling lucky to have them. Right now, I'm going to tell you one of my best friends whose name is Fia.

Her fullname is Alief Hanafiah. She is 19 years old, same as I. She is quite tall, approximately 155 cm. She has long wavy black hair. She has an oval face with big eyes, small ears, pointed nose, and thin lips. Her skin complexion is dark. When she goes to campus, she usually wears casual clothes. Sometimes she use shirt or T-shirt to school. She seldom uses dress or skirt. Mostly, she wears flat shoes. I only ever see her wearing sneakers once. She's also rarely using jewelry. However, in some occasion, she wears watch. She travels by motorcycle from her house to campus so she got sunburns on her hand and feet.

What I like about her is she cares with people. She likes to pay attention at small details. For example, one of us wears a new shoes to campus and Fia is the one

who notice it first. Even though it sound unimportant, but it does matter to people. People need to be recognize. She is also a type of generous person.

She isn't a stingy person. She always helps me when she is able to do so.

She's patient and kind-hearted. She gives us solution to our problems when we need it. She likes to joke around too. It seems that every word that she says

is funny and it makes us laugh. She's a diligent person too. Sometimes, she helps her siblings when they have English Test on the next day. However, she can get

panic when she have tough problems. If that's happen, we have to calm her down first then we give her suggestions to her problems. It's normal to be panic in that

kind of situation but it also important to remain calm. She can be an extravagant

when she feels stress, especially on food. I do the same thing also when I

feel stress. So, I don't think that problem can be solved.

I'm happy to have Fia as one of my new friends in campus. She's not the perfect one, but I'm sure that she's the best one. So far, we have

never had a fight. I hope that we can still be friend even though we've

graduated from here. Some people say that friendship in collage degree doesn't

last long but I hope we do have it.

My Close Friend

I would like to describe my close friend. I first met her in IC class. At that time, we sat on the same bench and I tried to introduce myself. Next, we enjoyed our conversations and we have been friends until now. Her name is Charisma Safitri Tswantari. She lives with her aunt in Setro Baru, Surabaya. Her parents work in Medan. Her mother works as a businesswoman and her father works as a pharmacist. She ever told me that actually she misses her parents very much but she did not want to move to live with her parents in Medan because she loves Surabaya. Now, she is nineteen years old. Charisma was born in Surabaya, March 27, 1993 as a first daughter in her family. Her brother studies in Senior High School. I think, Charisma has a close relation with her brother because they sometimes spend their times together like shopping windows or just cycling together. My friends and I usually call her "Risma". She is quite good looking with thin body. She is tall enough around 156 cm and 46 kg weight. She has long

straight black hair with a fair skin. Like others people, she also has eyes, a nose, lips and ears. I will make details about that, she has big round black eyes and a pointed nose. If you see on her nose, there is a small mole in the right side. She has medium ears with beautiful earrings. She also has small thin pink lips with oval face. She likes using casual styles but sometimes she also likes using a bit glamour style when she goes to campus. For accessories, she loves using a watch and a bracelet with colourful colour and mode / kind. She doesn't like using high heels but she loves using flat shoes combine with cardigan or blouse.

Charisma is quite silent if you haven't known her yet. I think if you have been her close friends, you can know that Charisma actually a talkative person. Sometimes I think she can be a talkative person because she has thin lips, on the other side I am not really sure about that. If she becomes a talkative person, she will talk about anything that she loves. Because of that, sometimes I feel annoy with her. She also can be a childish person when she wants more care from everyone.

Charisma likes doing a photo session with his boyfriend. Fortunately, her boyfriend is a photographer so she can do their hobbies together, Charisma as a model. One thing that more specific from her that she loves zebra very much. Because of that, if she is going shopping with me, she will buy anything which has a pattern like zebra. Until now, she has had a bag, a blouse, shoes and casing handphone which have pattern like zebra. I think she becomes crazy because zebra. Do you

know?	She also uses a book which has a cover like pattern zebra.
-------	--

From all, I hope we can be close friend forever and I like her not only her appearance but also her attitude. 😊

My Grandpa , My Hero

My grandfather's name is Soehendra Wangsawidjaya and his Mandarin name is Wang Shun Hing. He was born in China in 18th of May, 1936. He is 76 years old now and still very healthy. He has an oval face with round and big eyes. He has a pointy nose, small lips, and he doesn't have any moustache because he always shaves it every two days in a week. He has wrinkles all over his face because he is already old but he still looks younger than his age and still very hard some. His hair is parted to the right side and still thick. He doesn't like his hair to be too long and too thick so he cuts it every three weeks in a hair salon near my house. Sometimes, he dyes his hair in black colour so he could look younger. My grandma usually does it for him. I like the way he talks because he has a clear yet loud voice. He has a good voice too and he likes to sing when he's driving or go to a karaoke place with his friend. He likes old Chinese and Western song. He has been married to my grandmother for more than 40 years and they will be celebrating their golden marriage in the next few years. Although he is a little bit hot-tempered, he has a good and wise personality. He doesn't like to punish his child and grandchildren by physical punishment and he gives advice so we don't repeat the same mistakes in the future. His hobby is

traveling and watching TV. He likes to travel with my grandma and his friends. ~~Moves~~ that he like are old and new Chinese movies. He doesn't like to watch movie in the theater because it's too loud.

His favorite food is pig's ear and meat, vegetables, soya, and dumpling. He always buys dumpling every time he goes to the supermarket or grocery store. His favorite soya restaurant is Cok Har and it is

near my house. He often goes there to eat or to buy some portions of soya to take away. Now, I

want to tell why my grandpa becomes my hero. It is because when I was small, my

father and mother got divorced and my mother left me in my dad's care. My dad didn't take care

of me because of the depression ^{that} caused by the divorce. So, my grand father decided to take me in

and to take care of me. In every weekends, he brought me to the mall and some good restaurants

with my grandma and my brother. He even paid my school's fee in elementary school until senior

high school. Even until now, he still pay my university tuition fee. He often gets angry with me

but he still forgives me and treat me like his own son. He always carried me around when I was small.

I liked it because he is so tall ~~and~~ even taller than me now. He has an ~~ideal~~ ideal body ~~and~~

he still correct everything as long as it is not too oily or too much. He loves to pull a prank too

at his grand children by tickling them or pinching them by using his fingers. That's all the reasons

why my grand father is like a hero to me. I hope he can live long and stay healthy so he

can make more memories with me and my family.

My Attractive Senior

Vincentius Octie Sisnandy is my senior in a gathering of tennis. He is one of my seniors that is really good at playing tennis. Our first meeting was begun by a ridiculous accident because I had thought he was my tennis participant. In fact, he is an alumnus of Chemical Technique of Widya Mandala Surabaya.

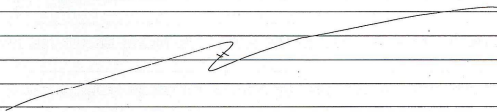

Octie, a twenty-five-year-old man, was born in Semarang on October 11th. He is nice enough with his slant eyes. His eyes are so narrow that the people cannot see the eyes when he is smiling or laughing. His face is round with two chubby cheeks. It makes the people pinch his cheeks when seeing him. He looks very misanthropic even his face seems little childish. We can see his authority from how he talks to the others, how he stares at people, and how he walks. He not only has nice eyes but also a small mouth with attractive smile. I am quite sure his smile will make you be hypnotized and want to see his smile again. Actually, he is not too fat. With 75 kilograms in weight and 170 cm in height makes Octie look ideal.

He is talkative enough actually but he will be a quiet person when meeting the people who he doesn't know very well. Although he is talkative, he is able to break the ice when

the atmosphere is not really good and also lead the surrounding people to be more active in doing something. For example, he is able to force my tennis participants to play tennis with the other seniors by saying a lot of advices and telling his experience during his studying period here. It is not easy to force some inferior participants to play tennis with the seniors because they think that they are not proper to play tennis with the expert. However, Ochie can do that. I cannot do and it makes me learn his way to lead this organization.

He not only likes playing tennis but also playing badminton. Every Friday he plays tennis and every Saturday he plays badminton. In the field, he becomes more attractive. When he serves a ball, the ball will go in exactly. His hit is also very hard to be responded. However, he will play tennis beautifully when he is quite tired. Playing tennis beautifully means there are not any hard hits but tricky hits to the opposite team. The tennis field will not be interesting if there is not Ochie there.

All in all, I am really glad having a good senior like Ochie. I really hope he will stay in Surabaya longer so I can learn a lot of things from him.

Describing an Object.

A Special Gift to My Brother.

I have an elder-brother. His name is Renddy. He likes drawing. So do I. If there is no busy time, he usually draws on canvas. Well, I can see that he likes drawing so much. Not only drawing but he sells the paintings too. He can earn his own pocket-money.

Well, next month he is going to celebrate his birthday. Now, I've thought of what gift I should give to him is. Of course, I'm going to give him a set of painting. Well, it looks quite expensive, but it's OK, I'm glad to give the gift to him.

There are many tools and the paints. For the tools, there are pallets, brushes and some pencils for painting. The pallets are brown and light-brown. They are thick and solid. I love the pattern. Both of them are wooden pattern. The aroma seems like Ebony wood. For the brushes, I bought them for my brother in paint store. There are a lot of kinds and sizes. They are pointed-brushes, brush for canvas

and square-brush. I don't know actually what their names are, but I know exactly the shape. So the first brush that I've mentioned is for writing Japanese letter or "Kanji". The second brush is for canvas and paper, the color is black. And the last is actually for canvas or wall, so the size is quite big. I bought a dozen for each kind.

OK, for the pencils, there are 2 kinds. They are made of wood and the other, there is no wood, just the pencil. It is heavy and solid. The length is about 10-12 cm. I still remember the price. It is Rp 26.000,-.

All of that I've mentioned is just the tools for painting, and now I want to describe the paint. The paint box is red and gold. It looks ancient, rare and unique but it is the best paint for me. No matter the box, now how the paint is. In the box, there are 25 colors including silver and gold. Every single colour has a beautiful cup. I see a dragon on the cup. The cup is not big enough, I think, because almost all of the brushes that I've bought are too big and it is not matched with the paint cup.

That's all that I can give for my brother's birthday. I'm going to wrap it and save it until next month for the surprise. Hopefully he doesn't know what I'm doing right now. hehehe...

My New Best Friend

When I began my first day as a college student of English Department at Widya Mandala University, I had no idea who would be my friends in here. As time went by, I found five new best friends in here. I'm feeling lucky to have them. Right now, I'm going to tell you one of my best friends whose name is Fia. Her fullname is Arief Hanafiah. She is 19 years old, same as I. She is quite tall, approximately 155 cm. She has long wavy black hair. She has an oval face with big eyes, small ears, pointed nose, and thin lips. Her skin complexion is dark. When she goes to campus, she usually wears casual clothes. Sometimes she use skirt or T-shirt to school. She seldom uses dress or skirt. Mostly, she wears flat shoes. I only ever see her wearing sneakers once. She's also rarely using jewelry. However, in some occasion, she wears watch. She travels by motorcycle from her house to campus so she got sunburns on her hand and feet. What I like about her is she cares with people. She likes to pay attention at small details. For example, one of us wears a new shoe to campus and Fia is the one

who notice it first. ^{Cx} Even though it sound unimportant, but it does matter to
 people. ^{Cx} People need to be recognize. ^S She is also a type of generous person.
 She isn't a stingy person. ^S She always helps me when she is able to do so. ^{Cx}
 She's patient and kind-hearted. ^S She gives us solution to our problems when we
 need it. ^{Cx} She likes to joke around too. ^{Cm - Cx} It seems that every word that she says
 is funny and it makes us laugh. ^S She's a diligent person too. ^{Cx} Sometimes she helps
 her siblings when they have English Test on the next day. ^{Cx} However, she can get
 panic when she have tough problems. ^{Cm - Cx} If that's happen, we have to calm her down
 first then we give her suggestions to her problems. ^{Cm} It's normal to be panic in that
 kind of situation but it also important to remain calm. ^{Cx} She can be an extravagant
 when she feel stress, especially on food. ^{Cx} I do the same thing also when I
 feel stress. ^{Cx} So, I don't think that problem can be solved.
 I'm happy to have Fia as one of my new friends in campus. ^{Cm - Cx} She's not
 the perfect one, but I'm sure that she's the best one. ^S So far, we have
 never had a fight. ^{Cx} I hope that we can still be friend even though we've
 graduated from here. ^{Cm - Cx} Some people say that friendship in collage degree doesn't
 last long but I hope we do have it.

My Close Friend

I would like to describe my close friend. I first met her in IC class.
cm - cx

At that time, we sat on the same bench and I tried to introduce myself.
cm

Next, we enjoyed our conversations and we have been friends until now. Her name
s

is Charisma Safitri Iswantari. She lives with her aunt in Setro Baru, Surabaya.
s cm

Her parents work in Medan. Her mother works as a businesswoman and her father
cm - cx

works as a pharmacist. She ever told me that actually she misses her parents
very much but she did not want to move to live with her parents in Medan because
s s

she loves Surabaya. Now, she is nineteen years old. Charisma was born in
s

Surabaya, March 27, 1993 as a first daughter in her family. Her brother
cx

studies in Senior High School. I think, Charisma has a close relation with her
brother because they sometimes spend their times together likes shopping windows
or just cycling together.
s s

My friends and I usually call her "Risma". She is quite good looking with
s s

thin body. She is tall enough around 156 cm and 46 kg weight. She has long

straight black hair with a fair skin. ^S Like others people, she also has eyes, a nose, ^{Cm}
 lips and ears. ^{Cx} I will make details about that, she has big round black eyes and
 a pointed nose. ^S If you see on her nose, there is a small mole in the right side. ^S
 She has medium ears with beautiful earrings. ^{Cm - Cx} She also has small thin pink lips
 with oval face. ^{Cx} She likes using casual styles but sometimes she also likes using
 a bit glamour style when she goes to campus. ^{Cm - Cx} For accessories, she loves using a watch
 and a bracelet with colourful colour and made / kind. ^{Cx} She doesn't like using high heels
 but she loves using flat shoes combine with cardigan or blouse. ^{Cx}
 Charisma is quite silent if you haven't known her yet. ^{Cx} I think if you have
 been her close friends, you can know that Charisma actually a talkative person. ^{Cm - Cx}
 Sometimes I think she can be a talkative person because she has tin lips, on the ^{Cx}
 other side I am not really sure about that. ^S If she becomes a talkative person,
 she will talk about anything that she loves. ^{Cx} Because of that, sometimes I feel
 annoy with her. ^{Cx} She also can be a childish person when she wants more care from
 everyone. ^{Cx}
 Charisma likes doing a photo session with his boyfriend. ^{Cm} Fortunately, her boyfriend
 is a photographer so she can do their hobbies together, Charisma as a model. ^{Cx} One
 thing that more specific from her that she loves zebra very much. ^{Cx} Because of
 that, if she is going shopping with me, she will buy anything which has a pattern
 like zebra. ^{Cx} Until now, she has had a bag, a blouse, shoes and casing handphone
 which have pattern like zebra. ^{Cx} I think she becomes crazy because zebra. ^{Cx} Do you

Cm - Cx

Know? She also uses a book which has a cover like pattern tobra.

Cm - Cx

From all, I hope we can be close friend forever and I like her not only her appearance but also her attitude. ~

My Attractive Senior

Vincentius Ochie Sisnandy is my senior in a gathering of tennis. He is one of my seniors that is really good at playing tennis. Our first meeting was begun by a ridiculous accident because I had thought he was my tennis participant. In fact, he is an alumnus of Chemical Technique of Widya Mandala Surabaya.

Ochie, a twenty five-year-old man, was born in Semarang on October 11th. He is nice enough with his slant eyes. His eyes are so narrow that the people cannot see the eyes when he is smiling or laughing. His face is round with two chubby cheeks. It makes the people pinch his cheeks when seeing him. He looks very muscular even his face seems little childish. We can see his authority from how he talks to the others, how he stares at people, and how he walks. He not only has nice eyes but also a small mouth with attractive smile. I am quite sure his smile will make you be hypnotized and want to see his smile again. Actually, he is not too fat. With 75 kilograms in weight and 170 cm in height makes Ochie look ideal.

He is talkative enough actually but he will be a quiet person when meeting the people who he doesn't know very well. Although he is talkative, he is able to break the ice when

the atmosphere is not really good and also lead the surrounding people to be more active in doing something. ^{Cx} For example, he is able to force my tennis participants to play tennis with the other seniors by saying a lot of advices and telling his experience during his studying period here. ^{Cx} It is not easy to force some inferior participants to play tennis with the seniors because they think that they are not proper to play tennis with the expert. ^{Cm - Cx} However, Ochie can do that I cannot do and it makes me learn his way to lead this organization.

He not only likes playing tennis but also playing badminton. ^{Cx} Every Friday ^{= Cm} he plays tennis and every Saturday he plays badminton. ^S In the field, he becomes more attractive. ^{Cx} When he serves a ball, the ball will go in exactly. ^S His hit is also very hard to be responded. ^{Cx} However, he will play tennis beautifully when he is quite tired. ^{Cx} Playing tennis beautifully means there are not any hard hits but tricky hits to the opposite team. ^{Cx} The tennis field will not be interesting if there is not Ochie there.

All in all, I am really glad having a good senior like Ochie. ^{Cx} I really hope he will stay in Surabaya longer so I can learn a lot of things from him. ^{Cm - Cx}

Describing an Object.

A Special Gift to My Brother.

I have an elder-brother. His name is Renddy. He likes drawing. So do I.
If there is no busy time, he usually draws on canvas. Well, I can see that he likes drawing so much. Not only drawing but he sells the paintings too. He can earn his own pocket-money.
Well, next month he is going to celebrate his birthday. Now, I've thought of what gift I should give to him is. Of course, I'm going to give him a set of painting.
Well, it looks quite expensive, but it's ok, I'm glad to give the gift to him.
There are many tools and the paints. For the tools, there are pallets, brush and some pencils for painting. The pallets are brown and light-brown. They are thick and solid. I love the pattern. Both of them are wooden pattern. The aroma seems like Ebony wood. For the brushes, I bought them for my brother in paint store. There are a lot of kinds and sizes. They are pointed-brushes, brush for canvas

and square-brush. ^{Cm - Cx} I don't know actually what their names are, but I know exactly the shape. ^{Cx} So the first brush that I've mentioned is for writing Japanese letter or "Kanji". ^{Cm} The second brush is for canvas and paper, the color is black. ^{Cm} And the last is actually for canvas or wall, so the size is quite big. ^S I bought a dozen for each kind. ^S

OK, for the pencils, there are 2 kinds. ^{Cm} They are made of wood and the other, there is no wood, just the pencil. ^S It is heavy and solid. ^S The length is about 10-12 cm. ^S I still remember the price. ^S It is Rp 26.000,-. ^{Cm - Cx}

All of that I've mentioned is just the tools for painting, and now I want to describe the paint. ^S The paint box is red and gold. ^{Cm} It looks ancient, rare and unique but it is the best paint for me. ^S No matter the box, now how the paint is. ^S In the box, there are 25 colors including silver and gold. ^{Cx} Every single colour has a beautiful cup. ^S

I see a dragon on the cup. ^S The cup is not big enough, I think, because almost all of brushes that I've bought are too big and it is not matched with the paint cup. ^{Cx}

That's all that I can give for my brother's birthday. ^{Cx} I'm going to wrap it and save it until next month for the surprise. ^S Hopely he doesn't know what I'm doing right now. ^{Cx} hehehe...
