Referee's Report

Paper No.: PPH-1502057-MS

Title: "Necessary and sufficient conditions for the solution of the linear balanced systems in the Symmetrized max plus algebra".

Authors: Gregoria Ariyanti, Ari Suparwanto and Budi Surodjo

Although the paper is based on older notions, the authors' contribution may be encouraged for further work.

1. The presentation is considerably improved to show the maturity of the authors as researchers.
2. There are many techniques that have been applied for this domain problem.
3. The paper should be made as compact as possible by deleting straightforward steps.
4. Further work available in this direction be taken into account.
5. Its literature review, use of citation and references is very old are unacceptable. References are given proper attention. Some current popular review/survey papers are not including. These must be completed/corrected/verified.

Therefore, the authors may be advised to carry on further work in this direction and try to meet above comments in their real spirit before finalizing this paper and resubmit revise manuscript for possible publication.
