Dear Lusia Permata Sari Hartanti,

Desmas Patriawan <patriawan87@gmail.com> submitted the following paper to ICOME 2015:

Calculation of Potential Wind Power in Indonesia by Using High Altitude Wind Energy method

You are listed as one of the authors of this paper. To enter the ICOME 2015 Web pages you should visit

<https://easychair.org/conferences/?conf=icome2015>

If you have no EasyChair account you should first create an account. To this end, you should use the above mentioned Web page and click on "I have no EasyChair account".

If you have an EasyChair account, then you will not be able to access the ICOME 2015 Web page from that account, since the email address lusia.permata@uphsurabaya.ac.id used by Desmas Patriawan to add you as an author is not associated with the account. In this case you should do the following:

- (1) Log in using your account information.
- (2) In the EasyChair menu, follow the menu tabs "EasyChair->My Account".
- (3) Add lusia.permata@uphsurabaya.ac.id as an alternative email address to your account (this is not immediate since the addition will involve authentication using email-sending).

Best regards,
EasyChair.
